

additions in underline

Membership:

The Program Review Committee will consist of nine to twelve members appointed through the Academic, Classified Senates and the President's Office (3 or 4 of each), and a student advisory member. Constituent groups are strongly encouraged to appoint members representative of all four Core Missions, as well as a wide range of college programs, including but not limited to: student services, cross divisional support services such as the library, and instruction. Senate presidents will confer with each other to ensure that membership is balanced and representative.

"Expert" resources will be consulted as needed, such as the SLO coordinator(s), CCC faculty co-chip

- x PRC recommendations to PaRC will include:
 - I. Color categorization (green, yellow, or red)
 - II. Areas of commendation and / or concern
 - III. Recommendations for follow-up by the program, to include:
 - x Continuing or resuming the regularly scheduled 3-year comprehensive program review cycle
 - x An out-of-cycle comprehensive program review with remediation plan
 - x Annual program review with remediation plan
 - IV. The nature and timing of the remediation plan (if one is recommended), including:
 - x When it is due (e.g. end of June in current year, or the next fall quarter, etc).
 - x Who will initially review the plan (e.g. submitted to the supervising administrator by the end of June with PRC reviewing an update in the fall, or plan submitted to PRC in the fall).
 - x Whether the remediation plan should explicitly identify goals, benchmarks and timelines for improving areas of concern, or whether it should focus on a follow-up response to sections in need of clarification / rewriting.

Colors and Definitions:

Green signifies the program is recommended to continue in the regular program review cycle.

Yellow signifies that trend analysis indicates the program is not meeting targets and/or indicators identified within the program review document, or that the program review document is incomplete.

Red signifies that trend analysis indicates a notable and persistent decline in viability, an abrupt change to one or more of the targets and/or indicators, or that a program previously categorized as yellow has not successfully implemented its remediation plan.
