

Dear Geography – GIS Program Review Author:

Thank you for your time and effort in completing the Comprehensive Program Review this year. Your work contributes to the College's effort to seek ways to constantly improve on behalf of students.

### Strengths

PRC looks forward to a new degree and applauds the development of new curricula. The program is responsive to student demand for new courses in this rapidly changing field.

### Suggestions for Improvement

PRC recommends that Geography/GIS request a meeting with Counseling (facilitated by Dean of Business) to talk about degree applications and barriers identified in the program review that prevent students from completing a degree
